LAND LINES ON MARYLAND-VIRGINIA PENINSULA ARE DOWN

MIDDLE ATLANTIC STATES

Also Involved in the Unseasonable Weather and the Zone of Disturbance Will Probably Include All the Territory East of the Mississippi—Fair Easter Weather Locally.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 3.—Easter fluery in the eastern part of the country is threatened with disaster by snow, wind, rain and cold. A cyclonic storm today swept north along the Atlantic coast. From Florida to Maine, the weather forecaster predicted snow and gales.

Only a single hope for Easter parades was held forth and that was expressed in a tentative prediction that the snow and rain might be followed by "clearing" weather Sunday afternoon.

So widespread was the disturbance that storm warnings were displayed along the Atlantic coast from Wilmington, N. C., to East Port, Me.

Temperatures down to freezing were predicted in the entire country east of the Mississippi river. In the northwest states and the west plateau region, the forecaster said, Easter wearing apparel might be displayed.

The weather bureau issued this forecast:

"The storm that developed Friday over the Florida peninsula is central this morning off the Virginia Capes and moving northeastward. This storm is increasing in intensity and has already caused shifting gales on the middle and southern New England coasts, rains in the south Atlantic states, and snows and rains in the middle Atlantic states. Storm warnings are displayed on the Atlantic coast from Eastport, Me., to Wilmington, N. C. Temperatures continue low for the season generally from the Mississippi valley east to the Atlantic coast and they are above normal in the northwest states and over the west plateau region.

"There will be snow this afternoon and tonight in the Middle Atlantic states and tonight and Sunday morning in New England and eastern New York. The weather will become fair Sunday in the middle and south Atlantic states and it will remain fair tonight and Sunday in the upper lake region, the Ohio valley, Tennessee and East Gulf states. Temperatures will rise tonight and Sunday in the Ohio valley, and in the upper lake region, Tennessee, the middle Atlantic, south Atlantic and East Gulf states."

NEW YORK VISITED BY GALE AND SNOW; BAROMETER FALLING.

(ASSOCIATED PRESS TELEGRAM)

New York, April 3.—A northeast gale swept the Atlantic seaboard today from the east and snow over middle Atlantic states with flurries extending as far north as Maine. New York City was visited by snow and a 26 mile gale.

Off Sandy Hook, the wind was blowing 52 miles an hour. At Delaware Breakwater, where the gale was highest during the morning its velocity reached 60 miles. The local weather bureau said the storm center was approximately over Cape Hatteras and was rapidly moving up the coast. Storm signals flew from Wilmington to Cape Cod.

With a falling barometer, the weather bureau saw no let up in the storm for today. Along the New (Continued on Page 3, Col. 3.)

Receivers Asked for International Mercantile Marine Company

WHOSE FLAG FLIES OVER MAMMOTH FLEET.

CHARTERED IN NEW JERSEY

And Was Organized By the Late J. P. Morgan and a Coterie of British Capitalists—New York Trust Company Claims There is Due \$52,744,000 Interest On Trust Bonds.

(ASSOCIATED PRESS TELEGRAM)

New York, April 3.—Application was made in the United States district court here today for the appointment of receivers for the International Mercantile Marine company on a bill of complaint, filed by the New York Trust company. The complaint was filed against the International Mercantile Marine, the Fidelity Trust company and the International Navigation company.

The complaint claims default of interest on \$52,744,000 four and one half percent collateral trust bonds.

The mammoth fleet that flies the flag of the International Mercantile Marine company was brought together by a syndicate of American and British capitalists under the leadership of the late J. P. Morgan. The corporation in its present form, was chartered by the state of New Jersey in 1902, and succeeded the International Navigation company.

One hundred and nineteen steamships, flying the flags of Great Britain, the United States and Belgium, were operated according to the latest available figures, and there were then building eighteen more ships. Some of these have since been completed.

More than \$100,000,000 of the company's authorized capital stock of \$120,000,000 has been issued. J. P. Morgan and company are large stockholders. Mr. Morgan is a director of the company whose funded debt is approximately \$70,000,000.

The interest on the \$52,744,000 bond issue was due Oct. 1, last, but a clause in the bonds gave the company six months more to make payment. This term expired April 1.

No transatlantic steamships were directly operated by the company, their operation being left to subsidiary corporations whose stock was held by the International Mercantile Marine company. These companies directed the operation of the White Star line, the Red Star line, the American line, the Atlantic Transport company, the Leyland line and the Dominion line.

It was said the receivership proceedings would not in any way disturb the operation of the company or its subsidiaries.

LUSITANIA MAY NOT SAIL TILL TOMORROW HELD UP BY WEATHER.

(ASSOCIATED PRESS TELEGRAM)

New York, April 3.—The liner Lusitania, due to sail at 10 o'clock today for Liverpool was held up at her dock by thick weather and a heavy snowstorm through which objects 500 yards away could not be seen. With all passengers, baggage and cargo aboard, the vessel lay at her dock awaiting abatement of the storm, her officers said she would be held so long as the storm lasted—till tomorrow if necessary.

Aboard the Lusitania were 335 passengers, the largest list since the war began.

Unusual precautions, even for wartime were taken to keep from the passenger list any person whose presence aboard was not thought to be desirable.

One a Genius and the Other Accused of Theft.

Winifred Sackville Storer, Genius.

Winifred Sackville Storer, twelve years of age, is an admitted genius. She knows eight languages. She has already studied as much as the college graduate who quits school at twenty. Albertine Marlowe, also bright and alert, is accused of having robbed a woman who befriended her of \$1,000. She does not worry about it.

Winifred is the daughter of James Buchanan Storer. Her mother has educated her, and she said she began the education even before her child was born.

These are her little girl's accomplishments:

Reads, writes and speaks eight languages.

Has written French verse, a suffrage book entitled "A Plea to Gal-

lant Knights," and magazine and newspaper short stories, having begun this work in her fifth year.

"Taught a class in Esperanto at the Cornelia Institute in Pittsburgh."

Made the first translation of "Mother Goose" rhymes in Esperanto.

Has memorized several of Cicero's orations and parts of Horace, Livy, Sallust and Caesar.

Plays the piano, violin, guitar, and mandolin.

Illustrates her own writings.

Can swim, cook, row, drive an auto, box, ride a horse, and play baseball.

Albertine is a pretty little girl, older than Winifred. She seems very bright. She was accused by Mrs. Nolker in New York of having stolen \$5,000. Mrs. Nolker had become ac-

"If Betty Nolker hadn't quarrelled because I gave the hairdresser a 25 cent tip, she probably would not have lost her pocketbook and I would have been spared the terrible humiliation of being arrested and taken to court."

Her dark blue eyes blazing with indignation and her voice choked with emotion, Albertine told a reporter the circumstances that led to her being arrested.

The two had been in a hair dressing shop and Mrs. Nolker gave the girl money with which to pay the charge. Albertine handed the hair dresser a tip of 25 cents, she says, and she believes that greatly angered her bra-

FIRST CHANCE TO MAKE DASH FOR OPEN SEA

UNDER SCREEN OF A HOWLING GALE NOT IMPROVED BY PRINZ EITEL.

Not Considered Possible That Cruiser Could Break Through Cordon Allied Cruisers.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 3.—An official government dispatch received here by wireless at 1 p. m. says the German cruiser Prinz Eitel Friedrich, still was at her wharf when it was sent.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 3.—Screened from her enemies by a howling gale that drove a blinding snowstorm over the Virginia Capes, the German auxiliary cruiser Prinz Eitel Friedrich today had her first real opportunity to dash to sea since she took refuge in the neutral waters of Hampton Roads three weeks ago, although it still remained a mystery whether she would accept the opportunity or interne.

Moreover a curtain was drawn between the outside world and the theatre of possible operations from the storm which swirled from Hatteras northward and ripped down telegraph and telephone wires until early today. Newport News, Norfolk, the Virginia Capes and surrounding country was entirely cut off from communication, except by wireless, which was entirely in the hands of the navy department. And in the interest of American neutrality, the navy department grew the curtain tight. Coaled, provisioned and prepared, the Prinz Eitel has been lying at her wharf a day to day mystifying, leaving unanswered the question of whether Commander Thierichens would finally elect to interne his ship and men for the war or attempt to dash through the fan of allied cruisers which have hovered outside the three mile limit beyond the Capes.

The chance of an unarmored ship breaking through that cordon was regarded as so small by navy officers that it has been the almost general opinion that the Eitel would be interned when the last moment of her time had expired. But such a storm as today's makes every lane out to sea a comparatively safe route and many admirers of the German commander recalling his dashing exploits in seven months of sea roving before he came to Newport News would not be surprised if he accepted the fortunate opportunity the elements afforded.

It is the belief in marine circles that the limit of the Eitel's stay under the neutrality regulations does not expire for some days. But on the other hand there is nothing to prevent the German commander dashing to sea at any opportunity in the meantime.

Secretary Daniels used the navy wireless in connection with the Eitel. He sent messages through the high powered Arlington station to Rear Admiral Beatty, commandant of the

Norfolk navy yard and to Rear Admiral Helm aboard the Atlantic reserve fleet flagship, the Alabama, which is standing guard in Hampton Roads.

The storm which drew the curtain of secrecy over the Prinz Eitel for a few hours by destroying all means of communication with the Hampton Roads district, gave wireless, besides giving Commander Thierichens a fatal opportunity to resume his commerce destroying voyage freshly coerced, supplied and equipped, started a crop of rumors and reports, which spread widely, saying the German cruiser had dashed behind the curtain of snow flakes and past the watch dogs at the entrance to Chesapeake Bay.

When the governmental agencies, after much effort, got in touch with Newport News, Va., it was established that the Prinz Eitel had attempted no daring exploit, but still furnished a day to day mystery as to her commander's future course.

SWOBODA IS VICTIM OF AN ODOUS PLOT

OR TERRIBLE MISTAKE, IN THE OPINION OF A FAMOUS SWISS SINGER

Automobile Trips Into French Territory are Being Investigated by the Police.

(ASSOCIATED PRESS TELEGRAM)

Geneva, Via Paris, April 3.—Flora Treischler, a Swiss singer, whose home is in this city and who is a warm friend of Raymond Swoboda, declared yesterday she believed the man accused of causing the fire aboard the steamer La Touraine is the victim of "an odious plot, or a terrible mistake."

"I have known Mr. Swoboda for six years," she said. "I knew he was engaged in commercial and financial affairs, but did not know the details for he was somewhat uncommunicative, never discussing his business affairs. He belongs to a wealthy New York family, but his father cut him out of this allowance after several disagreements. One of his brothers is serving now as an interpreter with a British cavalry regiment."

"My friend never belonged to the German or Austrian army. He still has relatives in Germany and may have been photographed in uniform with some of them."

"I received a letter from him which had been written aboard the La Touraine, telling what a narrow escape the ship had. He gave a long description of the fire, which he said the officers believed must have been caused by an internal machine placed in the hold."

Paris, April 3.—Several automobile trips into the French provinces were made by Raymond Swoboda, now under arrest, charged with being responsible for the fire aboard the steamship La Touraine, according to information received by the Petit Journal. These journeys are said to have been made at various times between August and December last. Swoboda is said to have been seen at Nantes, Tours and Chateaufort, among other places. The police now are trying to learn the purpose of these trips. A large government firearms factory is located at Chateaufort.

POLICE FIRE ON SOLDIERS SAYS REPORT

Riot In Panama Between Civilians and Troops Has Fatal End

AMERICAN GENERAL LAYS BLAME UPON PANAMANS.

U. S. CORPORAL IS DEAD

Police Lieutenant Shot Coast Artilleryman Thru the Heart, While the Americans Were Trying to Stop Disorder—Train Stoned Returning From a Baseball Game.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 3.—Brigadier General Edwards, commanding the troops in the Panama canal zone, today reported that during the fight in Colon yesterday by American soldiers and Panama policemen, in which Corporal Langdon, of the Coast Artillery, was killed, and three soldiers were wounded, the Panama police fired into a train of unarmed soldiers and civilians, pelting the train with stones and rocks.

In his report, General Edwards said:

"Cause of the riot was similar to that of recent trouble in Panama; excited police clubbing soldiers, protest from other soldiers, pistols drawn by police, shooting commenced. Coast artillery provost patrol was attempting to stop shooting by policemen when Langdon was killed by a patrol started to return fire on police, when officers stopped the firing, preventing casualties. This was the only firing done by Americans."

"Excursion to baseball game from infantry post brought about 1000 soldiers to Cristobal. No trouble at game, where good spirit prevailed. Toward close of game, trouble was reported to me in adjoining town, Colon."

"Provincial Governor, chief of police, and my aide already were at work quelling the disturbance, my aide urging governor and chief of police to hold back all civilians who were inciting further trouble, while soldiers were entraining waiting to start back to post. Police fired into train containing unarmed soldiers; private Delaughery wounded at this point. Showers of rocks and other missiles also were thrown into train by Panamanian boys and negroes."

"On my demand the governor of Colon province has imprisoned the police lieutenant alleged to have killed Corporal Langdon; have ten witnesses who claim can positively identify him as man firing unprovoked fatal shot. One Panamanian only hurt, receiving a black eye."

"Langdon was shot through the heart. The wounded are James De Laughery, H. C. Klump, Charles R. Richeson."

One of the purposes of Major General Wood's visit to the zone, where he is due today, was to look into the recommendation that the United States police Colon and Panama. American blue jackets who have suffered more severely than the soldiers at the hands of the Panama police say the police are in fear of the muscular powers of the American blue jackets and soldiers and do not hesitate to shoot them while they are unarmed."

STAGNATION IN THE WEST

Allies Keeping Germans In the Dark As to When and Where the Great Thrust Contemplated, Will Come—Operations In Dardanelles Will Be More and More Protracted.

(ASSOCIATED PRESS TELEGRAM)

London, April 3.—The fluctuating struggle in the Carpathians seemed to be nearing its decision, according to dispatches reaching London. By successive rushes amid ice and snow Russian troops are said to have carried a series of Austrian lines and, in the view of British observers they bid fair soon to break through in force between the Lupkow and Uzsoz passes. In the West, conditions bordering on stagnation prevail. The allies are keeping the Germans in the dark as to when and where the big thrust will come, and meanwhile they are speculating as to whether the invaders of France will risk a serious offensive while the situation in the East remains precarious.

The British press, in addition to being universally outraged that the Germans should protest to the American embassy regarding the segregation of the crews of submarines now held as prisoners of war, is making much of the death of Leon Thrasher, the American who lost his life in the sinking of the Falaba.

"What will Washington do?" asks today's Westminster Gazette and other papers debate along the same lines.

As the weeks pass, the operations in the Dardanelles appear likely to be more and more protracted; even the London papers are today inclined to admit that the Turkish positions perhaps have not been seriously damaged. The discussion for and against absolute prohibition of alcoholic liquors continues. The papers are filled with letters containing suggestions to meet the situation.

BRITISH STEAMER IS TORPEDOED BY GERMAN SUBMARINE

London, April 3.—The British steamer Lockwood was torpedoed by a German submarine, Friday night, off Start Point, in Devonshire. The members of the crew were saved.

A German submarine pursued the Lockwood for several miles before being able to gain a position from which she could discharge her torpedo. The projectile struck the steamer about the engine room, but the crew of 25 found time to lower a lifeboat. Later they were picked up by a trawler and brought late port.

The steamer Lockwood was owned in London. Built in 1896, she was of 677 net tons and 236 feet long.

NEW LEAGUE IS CERTAIN, SAYS BACKER

Akron, O., April 3.—Al Lawson, backer of the Akron club in the proposed Buckeye league and big noise in the organization, was in Akron making arrangements for the improvement of League park, and talking with fans in regard to the coming season.

Akron, Canton, Springfield, Lima, Newark and Marion are the communities which will be landed in the independent baseball league, is Lawson's belief. The establishment of a franchise in Springfield hinges on a court decision made necessary by the dissolution of the Central league club in 1914, while at Marion there is difficulty over leasing the lot.

Lawson is talked of as president of the new organization, as he has had wide experience in the baseball game. Should he take the job he will still continue to take an active hand in the management of the Akron team, although a player manager will be appointed. Lawson declared today that he had not as yet decided upon the man to head the Rubber City club.

PICKS THIRTEEN STARS.

Canton, O., April 3.—Thirteen major league players signed their first baseball contracts with F. G. Paige, Penn. Yarn, N. Y., resident, who is located in Canton for the purpose of promoting professional baseball in the proposed Buckeye league.

The list contains several tossers whose names always will be remembered by the diamond cult. Paige was the first manager to sign Ed Walsh, famous Chicago White Sox star. His contract called for \$50 per month. Paige at the time was managing the Reading Pa. team. He met Walsh at Wilkesbarre. Here is the list of stars with which Paige dealt before their ascension to fast company:

STRIKING MINERS TO FARM HILLS OF BELMONT COUNTY

ASSOCIATED PRESS TELEGRAM
Bridgeport, O., April 3.—Striking miners of the East Ohio coal field who have had no work for more than a year, are preparing to farm the hillsides of Belmont county that have been placed at their disposal by friendly farmers.

Officers of the union today dispatched a letter to the department in agriculture in Washington, asking the government to donate garden seeds. The miners believe that by raising beans, potatoes, tomatoes, corn, onions, etc., to which the land is well adapted, they will be able to use more of the money allowed them by the union for clothing and other necessities.

GRIFFITHS WILL GO 12 ROUNDS WITH HARVEY

All other things being equal, Johnny Griffiths, uncrowned king of the lightweight division, should experience no trouble in outpointing Willie Ritchie, former champion, when they meet for six rounds in Pittsburgh, Pa., the night of April 9.

During the past nine months Ritchie has had but three bouts. He won but one, a shade newspaper decision over Champion Welsh in New York three weeks ago. On July 7, 1914, in London, Eng., Ritchie passed his title over to Freddie Welsh.

On October 23 at San Francisco he boxed a 4-round bout with Johnny Dundee, the Italian with a Scotch moniker and although he received a draw verdict, coast papers say he took a lacing. Five months elapsed before he donned the gloves again to meet the man who won his title.

Ritchie's long absence undoubtedly affected his judgment of range in his recent bout with the champion because he was wild and missed many hard swings.

Within the same space of time Johnny Griffiths has won one title, that of Australian lightweight champion, and had six bouts, all of which he won, including victories over Freddie Welsh and Joe Shugrue.

Griffiths sailed for Australia in August, 1914. While abroad he trimmed in order, Lord McCoy, Fred Kay and Hughie Mehegan, the latter being the recognized champion of his class in the Antipodes. He knocked Mehegan out in eight rounds.

Since his return from Australia shortly before the New Year, the Akron sensation has defeated in order Champion Freddie Welsh, Joe Shugrue and Joe Azevedo. The first two were newspaper decisions. The last was a referee's decision in eight rounds.

Monday night in Columbus, O., Griffiths takes on Johnny Harvey, hard hitting New Yorker for 12 stanzas. Harvey's greatest bid to fame is his wallop. To offset this Griffiths owns a wallop as great if not greater and in addition possesses the best educated and speediest left hand in the world.

During the present month, Griffiths will meet in order, Harvey, Ritchie, Phil Brock and Joe Mandot. He holds a heavy victory in nine rounds over Brock and an eight round decision on points over Mandot.

Immediately after the Ritchie bout in Pittsburgh, providing Griffiths wins, Manager Strapp will post \$5,000 to bind a match for the championship with Freddie Welsh. Griffiths will be the next lightweight champion. He possesses all the requirements. All he needs is the opportunity of meeting Welsh over the marathon route.

GUARD TIGHTENED ABOUT GERMAN SHIPS IN NEW YORK HARBOR

ASSOCIATED PRESS TELEGRAM
New York, April 3.—An unexpected trip by the destroyer Parker, up the Hudson river early today from her anchorage near the Narrows, gave rise to reports that some of the vessels of the German steamship lines might try to slip out of port without clearance papers.

The guard maintained at the entrance to the harbor appeared to have been tightened as a result of the statement by pilots that the British cruisers formerly on duty off shore, had disappeared, apparently to watch for the steamship Prinz Eitel Friedrich off the Virginia Capes. There were suggestions that the German commanders might take advantage of the absence of the British cruisers to escape from New York.

More than half the world's population lives in the tropics of the old world. Under British rule alone there are more than 325,000,000 dwellers in the tropics.

REFEREE OF BIG FIGHT IS NOW IN CUBA

CONFERENCE HELD WITH PROMOTERS AND PRINCIPALS ABOUT THE RULES

Johnson and Willard Have About Quit Training—Big Seat Sale Opened Today.

ASSOCIATED PRESS TELEGRAM
Havana, April 3.—Jack Welsh, who will referee the fight next Monday between Jack Johnson and Jess Willard for the world's heavyweight championship, landed in Havana today. He came over from Key West last night.

Welsh immediately began a series of conferences with the fight promoters and principals regarding the interpretation of the rules. He probably will call a conference Sunday for final explanations and ratification.

Weather conditions today were the best for training purposes that has prevailed for a week. It was clear and cool and both Johnson and Willard were on the road early.

Tomorrow and Monday the men will do little more than trot and walk. Both have arranged a heavy exhibition schedule this afternoon before the half holiday crowds. A feature of Johnson's work was to be a six-round bout with Sam McVey. The promoters having given up trying to stop the champion from doing this for fear of possible injury to Johnson. They cautioned him, however, to go easy and Johnson promised to comply.

The line formed in front of the ticket windows this morning before the box was opened. Many late arrivals who made no seat reservation before coming to Havana, complain that many of the best seats have been sold and explain that they expected to get ringside seats as late as Sunday. There has been little change in the betting situation. Johnson money is plentiful, but his backers are holding out for even money. Willard adherents contend that they should get at least 8 to 5.

CARDS, AND BROWNS BEGIN HOSTILITIES.

St. Louis, Mo., April 3.—The St. Louis Nationals and the local American leaguers will resume their series for the city championship here today. The series now stands one victory for each club.

"STAR—A Good Thing To Pass Along"

Men Who Chew Are Men Who DO

WHO helped make New York one of the world's greatest ports and STAR the world's biggest selling brand of Chewing Tobacco?

Why, those jolly "sea dogs who sail the wet seas round," who have an opportunity to compare STAR with tobacco in every corner of the seven seas, and who still prefer STAR.

Perhaps STAR'S "bigness" (not in weight alone but in every way) appeals to men who love the "bigness" of the sea.

For STAR is big. Tightly compressed in its thin wrapper is three-quarters of an inch of the mellowest of extra long leaf—so thick that it won't dry out like a thin plug.

STAR isn't a 14 or 15 ounce "pound" either. Each plug is 16 full chewable ounces—a "ship shape" plug made clean and kept so. STAR is so popular that it never stays long on the dealer's shelf.

Perhaps you can realize what a big brand STAR really is by this: Last year's output of STAR plugs, placed end to end, would stretch from Liverpool, in England, to Kansas City and more than 317 miles beyond.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headache, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast each morning, and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and lustrous; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application appeared, your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Agents, Hall's drug store.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

INCREASE

IN FOREIGN TRADE IN FRUITS AND NUTS DURING LAST TEN YEARS.

California and Florida Oranges Gradually Forcing Foreign Ones From Domestic Market.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 2.—With a grand total of \$92,840,172, the foreign trade of the United States in fruits and nuts during the calendar year 1914 was double that of ten years ago, according to the department of commerce. Imports aggregated \$59,231,394 in value; and exports \$33,608,778, which included the trade with Hawaii, Porto Rico, Alaska and the Philippines.

Bananas valued at \$16,000,000 were brought into the United States in 1914, while lemons totalling 1-4 million dollars; olives 2-1-2 million; grapes, 1-1-2 million; pineapples, 1-1-3 million; currants 1-1-4 million; preserved fruits one million, and figs nearly one million dollars.

Nut imports included coconuts, copra, etc., valued at 5-1-4 million dollars; walnuts 3-1-2 million; almonds 3-1-2 million; peanuts about two million and filberts one million.

With the development of the California and Florida citrus fruit industry, foreign grown oranges gradually are being excluded from the domestic market and American grown fruit is being exported in larger quantities. In ten years from 1904 to 1914 exports of American oranges have quintupled, last year totalling \$4,225,991. Prunes have shown a big gain, while apricots and preserved fruits have doubled during the decade.

M MANUS MURDER IN MEXICO NOW A CLOSED INCIDENT

(ASSOCIATED PRESS TELEGRAM)

Washington, April 2.—Desecration of the Stars and Stripes flying over the home of John B. McManus, an American citizen murdered in Mexico City was a closed incident today. The Brazilian minister at the Mexican capital, who investigated the affair, reported that the insult to the American flag was the act of lawless persons as a result of which the Washington government will not demand an apology.

Reparation already has been made by the Villa-Zapata authorities by the payment of \$20,000 indemnity to McManus' widow and the general expression of regret.

Rheumatism Yields Quickly to Sloan's

You can't prevent an attack of Rheumatism from coming on but you can stop it almost immediately. Sloan's Liniment gently applied to the sore point or muscle penetrates in a few minutes to the inflamed spot that causes the pain. Get a bottle of Sloan's Liniment for 25c. of any Druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

WILL INQUIRE AS TO CONDITION IN BIG INDUSTRIES.

(ASSOCIATED PRESS TELEGRAM)

Chicago, April 2.—Working conditions in five big industries including the Chicago stock yards, Michigan Copper mines and the Pullman Car company will form the basis of inquiry in an eight day hearing by the federal commission on industrial relations which opens here on Monday.

Testimony will be taken, it was announced as to the salaries, hours, rules and general working conditions.

Kill the Fly Before He Rises From His Filthy Bed

THE favorite breeding place of flies is the manure pile. The great majority of these pesky, dangerous insects come into life in our stable waste.

Until recently there was no simple, efficient and inexpensive method known whereby maggot life (the early stage of fly life) could be destroyed in manure without injuring the fertilizing value of the manure. Paris green in watery solution—one pound to twenty-five gallons of water—appears to be the solution of the problem. It proves to be highly efficient as a maggot killer.

Take a common garden watering can, fill it with water, add a teaspoonful of Paris green and stir until dissolved. Use daily on the manure and you will swat the fly in the most effective way. This weak solution is not dangerous to stock. They would have to eat large quantities of the bedding to be affected. However, the solution should be kept out of the reach of children.

Remember, the most effective way to swat the fly is to swat it before it is born.

A man who lives only with himself and for himself is apt to be corrupted by the company he keeps.—Chas. H. Parkhurst.

REV. J. C. SCHINDLE A CITIZEN-SOLDIER IN SAN DIEGO, CALIF.

In a recent issue of the San Diego, Calif., Union is a four column picture of eight officers of the Coast Artillery Reserve, who are prepared for duty to defend San Harbor, Calif., at a moment's notice in case this country should become involved in a conflict with a foreign nation.

In the group of officers is Lieut. J. C. Schindle, a former pastor of the St. Paul's English Lutheran church of this city. Mr. Schindle has been connected with the organization for some time, and holds the position of adjutant. The San Diego battalion is available at any time to reinforce the regular garrison at Fort Roserans, Calif.

MAN SUPPOSED DEAD NOW SERVING WITH ALLIES IN FRANCE.

(ASSOCIATED PRESS TELEGRAM)

New York, April 2.—Friends of Major Ambrose Bierce, author, journalist and soldier, who feared that he had been killed in Mexico last December, were surprised and relieved today to learn that his daughter, in Bloomington, Ill., had received a letter from him, revealing that he is serving with the allies in France. It was said that Bierce was a member of the British army staff.

On the supposition that he was dead, articles concerning his mysterious disappearance had been published here.

THIRD REDUCTION IN CRUDE OIL PRICE.

(ASSOCIATED PRESS TELEGRAM)

Pittsburg, April 2.—The third reduction in the price of crude oil within two weeks, was announced today at the opening of the market by the principal purchasing agencies as follows:

Pennsylvania crude, 1.35; Mercer Black, Newcastle and Cabell, 97 cents; Somerset 80 cents; Corning, 83 cents; Ragland, 63 cents.

The cut on Pennsylvania crude was five cents a barrel; Mercer Black, Newcastle, Cabell and Somerset, three cents; Corning and Ragland two cents.

EASTER FLOWERS CHEAPER.

(ASSOCIATED PRESS TELEGRAM)

New York, April 2.—New York churches will spend less money for Easter flowers this year than usual, owing to the fact that the demands for charity during the winter have been great. The flowers, however, are much cheaper than in former years.

MOST IMPORTANT POST IN U. S. NAVY RECENTLY CREATED

(ASSOCIATED PRESS TELEGRAM)

Washington, April 2.—Speculation was rife in naval circles as to whom Secretary Daniels would select for the new and important post of chief of the Bureau of naval operations. This post was authorized at the last session of congress to take the place of Aide for operations which position Rear Admiral Bradley A. Fiske has asked that he be relieved of.

The question of a choice for the new post corresponds to the position of chief of staff of the army. Admiral Fiske has a year to serve before retiring from the active list.

The action of Admiral Fiske in requesting that he be relieved as senior naval adviser by the secretary of the navy evoked considerable comment in naval quarters. He gave no reason for the step in his written communication to Secretary Daniels and he declined to throw any light on the subject today.

The belief has generally prevailed in naval circles, however, ever since the admiral testified before the house naval committee at the last session in which he expressed views different from those of Secretary Daniels as to the preparedness of the navy for war.

ENGLAND DENIES ROSEBERRY HAS A MISSION TO ITALY.

(ASSOCIATED PRESS TELEGRAM)

Rome, April 2.—A statement has been issued by the British embassy officially denying a report which has been current here that Lord Roseberry is coming to Rome on a special mission for his government or that any other person has been selected to undertake such a mission.

Many citizens of belligerent nations who have lived in Italy for years have made application for Italian citizenship but the government has decided not to grant their requests until the close of the war.

STRICTER CURFEW LAW ESTABLISHED IN PHILADELPHIA.

(ASSOCIATED PRESS TELEGRAM)

Philadelphia, April 2.—A curfew will be established in this city early next week for children under 15 years of age, according to an announcement made last night by Geo. D. Porter, director of public safety. Such children found on the streets after 11 o'clock will be taken into custody by the police and kept at the house of detention over night. Their parents will then be called upon to explain the reason for the children being out so late at night. The announcement stated.

A large part of the problem of life is learning to distinguish between real and imaginary troubles.—Birmingham Ledger.

NO FEAR

OF DANGERS IN SUBMARINE WAR ZONE EVIDENCED BY PASSENGERS.

Great Numbers Have Booked Passage on the Lusitania Sailing for Liverpool Today.

(ASSOCIATED PRESS TELEGRAM)

New York, April 2.—Notwithstanding the dangers of the submarine war zone about the British Isles, the Cunard line steamship Lusitania sailing today for Liverpool, had an exceptionally large passenger list. There were more than 200 first cabin passengers and 175 in the second cabin. Among them were Richard Croker and his wife and Mrs. Lalla Vandervelde, wife of the Belgian minister of state, who has collected nearly \$300,000 here for the relief of Belgium.

Captain Turner expected that two fast British destroyers would meet the Lusitania near the Irish coast and convey the steamship to Liverpool, where she is due to arrive on Friday. Care has been taken that no suspected person should be allowed on board and it was stated that a sharp outlook would be kept for submarines when the steamer approached the British coast.

SANITARY EXPERTS GO TO CONQUER TYPHOID.

(ASSOCIATED PRESS TELEGRAM)

New York, April 2.—The Italian line steamship Duca D'Aosta, which sails today for Naples, carries nine sanitary experts composing the American Red Cross sanitary commission which will endeavor to conquer the typhus fever and other dread diseases epidemic in Serbia. The expenses of the commission will be borne jointly by the Red Cross and the Rockefeller Foundation. From Naples, they will go to Saloniki, Greece, and then proceed into the heart of the plague-ridden regions.

REPORT SUCCESS OF AUSTRIANS IN THE CARPATHIANS

(ASSOCIATED PRESS TELEGRAM)

Vienna, April 2.—The fighting in Bukovina, according to information obtained from private sources, appears to be of more importance than is evident from the surface indications in official reports. Apparently, the Austrians have gained successes of considerable proportions.

The Russians had massed in force to check a threatened Austro-Hungarian invasion and re-occupy northern Bukovina. They are said to have attached considerable weight to this operation, because of the effect it might have on public opinion in Rumania. Austrian advisers are to the effect that the Russians were completely defeated and driven back into Bessarabia with very heavy losses in proportion to the numbers engaged.

HOUSEWIVES WILL LEARN TO PRESERVE EGGS DURING PLENTY.

(ASSOCIATED PRESS TELEGRAM)

New York, April 2.—The national housewives' league will inaugurate next week a campaign designed to teach women how to preserve eggs in times of plenty, so as to be independent of the lean days of scarcity. Frederick H. Stoneburn, formerly professor of poultry husbandry at the Connecticut Agricultural college will deliver the first lecture at the league headquarters on Monday and for the next three months there will be free demonstrations of egg preservation at the league headquarters daily.

Flies Spread Disease

THERE is plenty of proof that typhoid is due directly to the fly.

The fly carries the contagion not alone from the victim directly, but also from the apparently healthy person who may be what is technically known as a "carrier" to the next victim in the block above.

Tuberculosis can be carried nearly as directly by the fly as by personal contact. The inquisitor's feet spreads spinal meningitis, pneumonia—in fact, every known disease.

FRIENDS REMEMBER 80TH BIRTHDAY OF COL. R. B. MASSEY.

A very pleasant event took place Friday evening at the home of Jacob Ankele, South Second street, when Col. Robert B. Massey, was honored with a 6 o'clock dinner, it being his 88th birthday anniversary.

Col. Massey was born in Vincennes, Ind., April 3, 1827, and when 5 years old moved to Natchez, Miss. He received his education in the common schools at Shelbyville, Ky. In the year 1848 he was married to a daughter of Dr. Hiram Decker, of Vincennes, Ind.

In 1859 he returned to Vincennes, Ind., on account of failing health of his wife when he took a position in the American hotel. He afterwards went to Terre Haute, Ind., where he accepted a position in the Buntin house, which was conducted by his uncle.

Col. Massey conducted the first eating house along the Ohio & Mississippi railroad and was in business when this road was changed from broad to standard gauge from Cincinnati to St. Louis in 24 hours and fed hundreds of workmen at this time.

In 1890 he came to Newark with a Mr. Burnett, a Vincennes man who purchased the Fulton house from Thomas Helling and managed the hotel until sold to Mr. Ewing.

Col. Massey also held positions at the Warden, Seller, Manhattan, Jackson and Star hotels and was a great favorite with the traveling public.

He was a bookkeeper and collector for Mr. Oxley for some time and the family has always been close friends to him. He was also a bookkeeper and collector for Dr. Miller, for three years and counts the doctor and his family among his best friends.

The late attorney William King and Edward Newkirk were close friends of his, having met the latter in Denver, Colo., before coming to Newark.

In politics Col. Massey was always a staunch Democrat but admired Henry Clay more than he did James K. Polk.

About six years ago he retired from active business on account of age. He has occupied the same room in the Ankele block for eighteen years where he was found this morning smoking his pipe. He is well preserved for a man of his age and writes excellently.

His friends wish him many happy birthdays.

WHY SHOULD YOU INSURE NOW IN THE JOHN HANCOCK?

BECAUSE YOU CANNOT BE SURE OF TOMORROW. A thousand things may happen to make you uninsurable within twenty-four hours.

BECAUSE you cannot buy it any cheaper tomorrow. Why delay when there is no financial profit in it and make your dependent ones carry your risk?

BECAUSE it is your duty, and the only time to discharge a DUTY is now. You may never do it next month.

BECAUSE you may be dead when your executors for not acting now are all removed.

BECAUSE procrastination is a thief, and you cannot afford to keep such company, especially when there are so many good reasons for immediate action.

I am a woman. I know a woman's pain. I know her need of sympathy and help. If you, my sister, are unhappy because of ill-health, if you feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free-ten days' trial of a home treatment suited to your needs. Men cannot understand women's sufferings. What we women know from experience, we know better than any man. I want to tell you how to cure yourself at home at a cost of about 12 cents a week. If you suffer from women's peculiar ailments causing pain in the head, back, or bowels, feeling of weight and dragging down sensation, falling or displacement of pelvic organs, causing kidney and bladder weakness or constipation and piles, and all the various nervous, catarrhal conditions and discharges, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling along the spine, palpitation, hot flashes, weariness, yellow complexion with dark circles under the eyes, pain in the left breast or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT.

and learn how these ailments can be easily and surely conquered at home without the dangers and expense of an operation. When you are cured, and able to enjoy life again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), irregularities, neuritis, and include in young women and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember it costs you nothing to give me your home treatment a ten days' trial, and does not interfere with daily work. If health is worth striving for, then accept my generous offer and write for the free treatment, including my illustrated booklet, "Women's Own Medical Advice." Easter Congregations.

There has always been a pleasant fiction that a big crowd turns out Easter Sunday morning to see the new spring millinery. But certainly the men are not dragged from their peaceful homes on any such motive. They would not know an Easter hat if they saw one, let alone the question of distinguishing a 1915 model.

The women attend church anyway. The men are of course busy reading the Sunday paper. The women have nothing to do but to get three meals, study the Sunday school lesson, teach a Sunday school class, write a paper for the missionary society during the week, and superintend the meeting of the Junior Endeavor. Hence it is no sacrifice for them.

It is like moving mountains into the sea to get the men, or the majority of them, out to church. Theoretically they admit they ought to go. But practically the drudgery of the previous week, more or less augmented by sporting events evenings, leaves them in a condition of prostration Sunday morning.

What happens Easter Sunday morning in the majority of homes is something like this: Wife tells Husband that he ought to go to church more. Husband admits it. Wife says the present is the time to begin, that the choir will have special music, and the minister has been practicing his sermon all the week. This has only a partial effect. Wife says that the whole town will be there, a grand psychological bluff. Husband stirs uneasily, concludes he must go sometime, and would better take the day when the greatest number of people will give him credit. Hence the unusual attendance that cheers the minister.

Church only takes about an hour and a quarter. Husband would find his Sunday dinner tasting much better if he would repeat the experience. Also Wife would find the house less smelly of smoke!

If You Were Blind.

The Illinois State Journal recently told the story of a girl blind for 20 years who was restored to sight and who said, on being able to see, "I like my mother's face best of all." The incident led the Journal to ask:

If you were blind and the beauty of the world and the light of day had never blessed your eyes, what sight would you seek first, if the pall was lifted from your eyes for one look at the world?

Would that precious look turn to your mother's face, always pictured in your heart, but veiled to your eyes?

Would your new vision revel in the beauty of the stars or the loveliness of earth's verdure? Would it look for the light of love in the eyes of one loved one?

From all the miracles of nature, the marvels wrought by man, from things of beauty or things of power and utility, which would you choose for that one look if it were to dawn upon your life of darkness?

Would you feast your eyes on the gorgeous sun? Would you look upon the mysterious airship, upon the mighty locomotive, upon children at play, upon an army marching to the battlefield, a crowded street, a great cathedral? Which of these wonders of the world would you look upon if you had one sight of the world? Perhaps you will find some difficulty in deciding. Drop that question for a moment and ask yourself what it is worth to you to be able to see. You may be denied many things. You may envy this one or that one. But think of yourself as blind—and remember that there are many who are—and you will come to the conclusion that you have much to be thankful for, after all.

Assessors and Politics.

If there was anything in the mind of Governor Willis other than to make spoils of the taxing system it has not been made apparent. Not only has he removed men who had the experience of a successful operation of the Warnes law but he removed men who had been chosen after months of investigation to find the best possible servants; and what is of worse consequence has filled the vacancies with men chosen over night, without consideration of qualification or examination of character. Luck has been with the governor with, the people in some cases and Republicans have been chosen who are worthy and who will give good account of themselves, but in a majority of cases men have been chosen because they were satisfactory to Peter Durr, the Cincinnati dealer, or those who fought the former governor in his own party. In Franklin county the appointment went to a man who was pleasing because he had attended school at Ada a thing that the regulars in Columbus had neglected because they had a university at home. In another county he named a good young scout who has always held some appointive job that did not require much work, but whose principal qualification is ability to blow foam consistently from six o'clock in the morning until "closing time" at night. In still another county both his appointees are jokes, one a book-maker and the other a lawyer without a case, and already the business people of the county are protesting and asking the Democratic auditor to lend his assistance in getting a duplicate. Down in Hamilton county John Washburn is a comeback and he, it will be remembered was one of the paving commissioners who worked so satisfactorily for George B. Cox, and of course is aligned with the old Cox-Gullbert-McKinnon crowd, of whom J. H. McGiffert on the state commission is the leading representative, ably seconded by Edward Fulington. For pure machine construction the twenty-four hour job of Wilbur-Durr & Co. stands above all records.

People who don't pay an income tax long for the time when they will be legally assessable, and those who do pay one groan at the sufferings imposed on them by an unjust government.

On one of these nice spring days the impecunious youth heads his best girl for the open country, but before they get home she manages to lead him past the soda fountain.

It is hoped that some of our brother editors will celebrate Clean-Up week by sweeping a path through the center of the office.

Message of Easter.

To many people the Easter music and flowers and preaching bring no particular message. Their minds are clouded by doubts about the literal truth of the Easter story as told in the Scriptures.

Yet when did doubts ever accomplish anything in this world? The people who do real things set their questionings behind them. Columbus saw his new world beyond the seas, even if he could not demonstrate it by the laws of logic. The men who in recent years built the first airships believed in the possibility of flight, although the thing could not be proved mathematically.

To do anything worth while, many things must be taken on faith. People go ahead on a business deal with hope and confidence, even if the thing can not be proven to be a sure success by any arithmetic. Yet when it comes to the realm of religious thinking, they demand absolute demonstration, excluding all possibility of error, before they will accept a statement as historically correct.

Whether one believes in the physical resurrection of Jesus or not, Easter should have a supreme message for us. Even if one thinks of him as merely rising spiritually, the spectacle of the carpenter's son overcoming the powers, potentates, nations and religions of the world is a miracle surpassing anything that could occur of a merely physical nature.

GO TO CHURCH Don't Fail to Attend Divine Service Easter

GO TO CHURCH.

Don't fail to go to church Easter Sunday. By going to church you'll get away from the darkness of sin.

We chuckle in the darkness of our concealment, but SIN IS ITS OWN DETECTIVE. A queer thing is that your sin will find you out. In Leonardo's "The Last Supper" every voice is saying, "Lord, is it I?" Every face is in consternation but one. Judas is looking with unaffected mien—how bold is guilt—but his hand betrays him. He has upset the salt. Sin, once committed, is a WILD BEAST RELEASED. Tomorrow morning you may find it CROUCHING AT THE DOOR. Are you ready for its lancet claws and crunching jaws? But the sin is secret. In the home, in the crowd of the city, it's forgotten. No, not forgotten, hidden. Hide a seed and you have a plant. "WHATSOEVER A MAN SOWETH"—you know the rest. The proposition that MURDER WILL OUT simply means mental and temperamental lapses that leave unexpected flaws in the hiding of a wrong.

IT'S DUE TO SOME MYSTIC THING WITHIN. OUT IN THE FOREST THE DEED'S DONE. NO ONE HEARD THE DEATH GROAN. DEAD MEN TELL NO TALES. IT'S ALL OVER. NO, BY THE ETERNAL, IT'S JUST BEGUN! HIS NEIGHBOR'S BLOOD CRIES OUT OF THE GROUND. HE'S NO LONGER IN SOLITUDE. THE WHOLE AIR IS ALIVE. EVERY RUSTLING LEAF AND PASSING WIND TELLS THE COMING FOOTSTEPS OF VENGEANCE. THERE'S A MOCKING LAUGH. HE STARTS. WHO LAUGHS? ONLY THE CALL OF A CROW IN THE DEAD OAK. PERHAPS, AS HUGO SUGGESTS, IT'S THE SOUL'S LAUGHTER AT ITSELF.

By GOING TO CHURCH you'll gradually eliminate sin. By eliminating sin you'll feel better mentally and physically. Sin will leave you when you—

Spirit of the Press

"Old" at 38.

According to a sporting editor "Jack" Johnson is "a wonder for an old man." Since "Jack" has just celebrated his thirty-eighth birthday, this is calculated to make some of us feel like regular Methuselahs.—Pittsburg Gazette Times.

Governor Willis.

One of the greatest political "reforms" of the year has been accomplished in Ohio, where the new Republican Governor has removed the tax officials in eighty-eight counties, all Democrats, and has appointed successors, all Republicans, in forty-three counties. The Governor of Ohio is a Presidential aspirant whose activity in the spoils way makes the Governor of New York look cheap and halting.—New York World.

European Catholics.

The boast of the Reims municipal council that the Reims Cathedral will be reconstructed with stone from the Cologne Cathedral jars unpleasantly upon neutral ears. All the world deplores partial destruction of the beautiful and historic cathedral at Reims, but the wrong cannot be righted by the destruction of another Cathedral. Such buildings have their place in the art and religion of the world, whether they are located in France or in Germany.—Hartford Courant.

Ostrich Farming Strikes a Snag. Ostrich farmers in the Southwest of this country are offering \$150 birds for \$5. They have lost their markets for the feathers, "because of the European war," they claim. Everybody seems to think the United States does not wear feathers because of the war, or consume other goods. In Africa the ostrich farmers are turning their domesticated birds loose because of the small demand for feathers from Europe. The attempts to make ostrich meat a popular food are said to have failed, as even the young birds do not make good meat.—Worcester Telegram.

Fine Psychological Effect.

We are still of the opinion that sassafras tea now and then, or a little molasses and sulphur, will produce a fine psychological effect, even if the doctors do not greatly regard the medicinal values of these remedies.—Houston Post.

Nobody Protesting.

So far the President's announcement that he has decided not to call an extra session of Congress, either in the summer time or later, has called forth no general protest from the country's business men.—Boston Globe.

More Money in America.

It is said that Americans have been spending on the average \$200,000,000 or \$300,000,000 every year in Europe. The greater part of this money in 1915 will be distributed in Florida and California trips to the San Francisco exposition, the summer resorts of Michigan, Wisconsin, Minnesota and other states. See America first means something financially this year.—Detroit News.

Doesn't Have To.

The artist who sells his work never has much time to give interviews about the public's lack of esthetic understanding.—Milwaukee Journal.

Naturally Not.

The city fathers have refused to designate the anniversary of Peter Minuit's purchase of Manhattan Island as the day for adopting the new city flag and seal, selecting for that honor June 12, which will be the 250th birthday of the board of alderman. Naturally an alderman has no sympathy with anybody who found New York cheap.—New York Sun.

Carranza is doubtless awake to the fact that any general who can defeat Villa is likely to be a formidable candidate for the leadership in Mexico.—Washington Star.

Uncle Walt

SHINYTOWN.

In Shinytown the people cling to their belief that in the Spring all men should rise, and clean up alley, yard and lawn, till every sign of trash is gone—which scheme is wise in Shinytown they burn old hats, and sticks and rags and bones and trash, all labor for the public weal, with fifty-seven kinds of zeal, and not for cash. This town is in a class alone: there flies and germs are quite unknown, year after year; no doctors' joints therein are built, and all the fell diseases wilt, when they come near. As there are no diseases nigh, the people don't know how to die; death seems a joke; and some one has to shoot them down, when they are tired of Shinytown, and wish to croak. The village used to have a hearse before it killed the microbe cure, long, long ago; but now, since microbes cause no fuss, they use it for a jitney bus—five cents a throw. This is the village of delight, where all the folks are living tight, a cheerful scene; your burg might be like Shinytown if all you men would buckle down, and make it clean.

The money thus derived being devoted to the Public Library.

Miss Mary Miller is entertaining the members of her Sunday school class of the Second Presbyterian church, with a dinner party this evening at her home in West Church street. The prevailing color in all the appointments is lavender, and the table will be centered with hyacinths of this tint. The favors of nut baskets are in this chosen color and all the decorations are suggestive of Easter. The hours will be devoted to contests and an egg hunt. The guests are, Misses Lucella Haw-

BANISH SCROFULA

Hood's Sarsaparilla Cleanses the Blood, Skin Troubles Vanish.

Scrofula eruptions on the face and body are both annoying and disfiguring. Many a complexion would be perfect if they were not present! This disease shows itself in other ways, as boils, sore ears, wasting of the muscles, a form of dyspepsia, and general debility.

Ask your druggist for Hood's Sarsaparilla. This great medicine completely eradicates scrofula. It purifies and enriches the blood, removes humors, and builds up the whole system. It has stood the test of forty years, and has received thousands of testimonials of the entire satisfaction it has given.

Scrofula is either inherited or acquired. Better be sure you are quite free from it. Get Hood's Sarsaparilla and begin taking it today.

A drama in four acts, entitled "Uncle Josh," will be given April 9 at the Brownsville High school auditorium by members of Brownsville Banner Grange.

AUTO INTO CURB; NARROW ESCAPE OF LITTLE BOY

Dr. J. P. Latimer, M. D., Wilson, his driver, and little Harold Amos of Utica, narrowly escaped serious injury, shortly before noon today, when the auto in which they were riding dashed into the curb at the corner of Eighth and Church streets. Dr. Latimer had been making a call at the home of Mrs. Weigand on West Church street when in leaving, the left front wheel struck a rut in the pavement, snapping the axle. This break forced another wheel in the right front wheel, throwing the heavy car against the curb. The car was not going more than ten or twelve miles an hour when the accident happened. No one was injured.

FAMILY QUARREL ENDS IN MURDER; TWO WERE KILLED

(Associated Press Telegram.)
Lexington, Ky., April 3.—Following a family quarrel, Joseph Chilton, a farmer near Gilbert Creek, Anderson county, Ky., today shot and killed Dollins Hawkins, his brother-in-law and Elmer Sanford, according to a dispatch received here. The shooting occurred at Chilton's home and it is said that the weapon used was a double-barreled shotgun. A sheriff's posse has gone to the scene.

Old Friends of Peruna

Peruna is one of the best remedies for grip and colds in the head.

We have been greatly benefited by your wonderful medicine. We wish to express our thanks.

We have used Peruna in the family for a number of years. A few doses relieve colds.

Mrs. I. D. Hayes, 1327 Druid Hill Ave., Baltimore, Md., writes: "Peruna is one of the best remedies for grip, cold in the head, sore throat, nervous headaches and coughs that has ever been discovered. After the use of one bottle in my family, I don't feel safe without Peruna in my house."

In a later letter Mrs. Hayes says: "I am never without a bottle of Peruna in the house. I give the children Peruna if they have a cold, and it always relieves them. I had catarrhal bronchitis and it relieved me."

Mrs. Mary O. Miller, Chaplain of Patriotic Daughters of America, Indianapolis, Ind., writes: "I have found Peruna of especial benefit in cases of irregularity and weakness. It restores the strength in a very short time and is pleasant to take. Its action on the whole system is very mild, but sure. We have used it in the family for a number of years, and when any of us take a cold it is the first-remedy we take, and a few doses will generally cure, if the cold has not been neglected. But the persistent use of Peruna will cure a cold of even long standing."

Assessors Swing The Ax On Clerks In Hamilton Co.

Cincinnati, April 3.—It did not take the new district tax assessors for Hamilton county, Robert E. Edmondson and John Washburn, long to "swing the ax" after they took hold of their positions today. They "temporarily suspended" nineteen of the 22 clerks who were employed under the retiring assessors, Charles L. Doran and Peter J. McCarthy.

Before the new assessors took hold, there were rumors that Secretary Thomas Moran and the other clerks planned to apply for an injunction if an attempt to remove them was made. But what action will be taken under the temporary suspension move is not known.

GENERAL WOOD TO INVESTIGATE CORPORAL'S DEATH

Colon, Panama, April 3.—Major General Leonard Wood, commander of the Department of the East, reached here today and immediately ordered a full investigation of the shooting of Corporal Langdon last night by a Colon police lieutenant.

Preliminary examinations of a number of witnesses indicated that the killing of Corporal Langdon was without provocation. The corporal was attempting to arrest a turbulent private when the police lieutenant began shooting without warning.

Governor Aréin, of the Colon province is assisting in the investigation and is holding the police lieutenant in seclusion at the request of General Edwards.

General Wood began today his inspection of the canal defenses.

POOL TOURNAMENT MONDAY

Monday will see the opening of the pool tournament to be conducted by Frank A. Strear at the L. S. English pool room in East Main street. Considerable interest is being taken in the event. Prizes are offered by local merchants for the best daily scores.

DEPUTIES FIND EVIDENCES OF LAW'S VIOLATION

As a result of most thorough investigation and careful search on the part of James W. Stuber and William Holcomb, deputies in the office of State Game Warden John C. Speaks, Charles and George Greger, and Albert Ernest, alleged dynamiters, were apprehended early today, and in Justice D. M. Jones' court were each fined \$25 and costs. They were permitted to plead guilty to the charge of snaring fish, while the charge of dynamiting was allowed to rest for the present.

Deputies Stuber and Holcomb also reported to the court the finding of a 25-foot seine in the home of Truman Anderson. No arrests were made in these cases, however. It is the opinion of the deputies that the depleted condition of Raccoon creek is due entirely to the activities of seiners and they are making attempts to put a stop to seining. More searches will be made in the near future.

5 TON SAFE FELL WITH LABORER, WHO HAS SERIOUS INJURY.

(Associated Press Telegram.)
Columbus, April 3.—A five-ton safe, fell from a height of 13 feet, struck the sidewalk in North High street at 12 o'clock today with a roar like a 42-centimeter gun. Several persons were almost directly beneath the safe when it fell and flying debris slightly injured a few.

A laborer fell 18 feet with the five tons of iron and steel, but escaped with serious bruises. The safe was imbedded more than two feet in the pavement.

The accident was caused by the parting of huge iron hook which attacked one of the chain blocks which were raising the safe.

BRINGING RESTS EASIER; OUTCOME IS UNCERTAIN.

William Brining, victim of Friday morning's automobile accident west of Alexandria, was resting easier at the City Hospital Saturday afternoon, though he suffered considerable pain Friday night. Physicians are still uncertain as to the possible results of Brining's injuries. The danger of complication because of the punctured lung is causing the young man's friends considerable apprehension.

Brining was caught under an overturned machine near Alexandria while riding with five companions, all of them Vernon. The others escaped with minor injuries.

FEAR GIRLS ARE LURED TO SHAME FROM MARION, O.

Marion, O., April 3.—Juvenile Judge William E. Spencer is trying to locate eleven girls alleged to have fallen into the hands of the Apostolic Holiness mission rescue workers and turned over to a man named Capps, representing himself as the head of a rescue home in Cincinnati. Cincinnati authorities deny knowledge of the man or the rescue home.

CINCINNATI IS TO HAVE NEW SUBWAY FOR INTERURBANS.

(Associated Press Telegram.)
Cincinnati, April 3.—A bill will be presented to the legislature next week which will provide for the building of a subway in this city by a commission consisting of five men to be appointed by the mayor and who are to serve without compensation for five years. The bill was prepared by the Rapid Transit commission and was today presented to the Hamilton county legislative delegation who promised to introduce the bill. The subway is for the purpose of giving the interurban lines a rapid transit entrance in and out of the city.

BY GWEN SEARS.

ATTRACTIVE INVALIDS.
Milady Convalescent has not the slightest ambition of her former self, but she is bound to take at least a little interest in her appearance as she grows stronger each day in her languishing chair.

At first she is, perhaps, rather loath to look in the mirror, and she frowns at herself as she does so. It is quite natural that she should have lost some of her vivacity and glorious appeal, while confined to the stiffness of her sick room.

Milady Convalescent is bound to frown, first at her hair, which has been slightly neglected by the nurse who was anxious only for her recovery. A shampoo should be given as

FICKLE CAUGHT AFTER EXCITING CHASE SATURDAY

Justice D. M. Jones in the absence today of a constable, made an exciting chase through the business district today in order to secure the person of John Fickle, who, two weeks ago, was arrested on the charge of illegal fishing at Buckeye Lake. At the time of his arrest, Fickle was granted a stay of ten days, at the expiration of which time he was to appear for trial in Justice Jones' court. His time expired yesterday afternoon, however, Fickle appeared in court yesterday morning and reported that he would be back after dinner. At 2:20 Fickle had failed to appear. In conversation with the bondsmen, Justice Jones was informed that Fickle was still in the city and would appear. Just as the justice hung up the telephone receiver, he espied Fickle, accompanied by a couple of friends, making tracks for the B. & O. depot. Grabbing his cap, Justice Jones set out on foot to grab his man. He did this after a chase to the depot, and placed his man in the county jail, where Fickle will serve out his fine of \$130 and costs, at the rate of a dollar a day.

Your Boys and Girls

The coming warm weather will be a dangerous period for children, and all mothers dread the summer for their little ones. As the weather grows warmer and warmer, fewer and lighter clothes should be worn by the baby. So many mothers have a mistaken idea that flannel hands must be kept around baby's abdomen next to the skin, no matter what the weather. This treatment is not only wrong, but actually cruel.

To keep flannel next to the young sensitive skin when the weather is so hot that every turn of the little body against the flannel causes severe irritation is almost barbarous. Yet how many mothers believe in it! There are fewer each year, for which we should be grateful, but still there are left a large enough number of such deluded mothers to keep a great many babies in comparative torture during the summer time.

The little body should feel nothing but the sheers, softest materials next to it. When it is very hot the young baby may be totally undressed, except for his little shirt. During the hottest hours of the day the little one should be placed on a wide bed dressed in this garb, or rather lack of garb, and allowed to play or sleep until the sun is setting.

Every Day Etiquette

"While going to the street car I met a boy friend with whom I am slightly acquainted. We had quite a conversation while waiting for the car, should he have paid my carfare when entering the car?" asked Maude.

"You should have paid your own carfare, but if he handed the money to the conductor, you would make yourself look ridiculous by arguing the matter," her mother replied.

PLAN NEW ROUTE FROM COLUMBUS TO OHIO RIVER

(Associated Press Telegram.)
Columbus, April 3.—Bids for the construction of the first lap of the new Chesapeake and Ohio route from the Ohio river to Columbus were received today at the Columbus engineer's office. The first 28 mile section will be built from Sciotoville to Waverly.

This is said to be the most difficult section of the entire route and it is estimated that it will take nearly two years to complete this strip. Work on the remainder of the route to Columbus will not be started until next year.

What Ohio Club Women Are Doing

By MRS. JOHN MAC KEE, Springfield, Ohio
Director of Press of The Ohio Federation of Women's Clubs

A Message From Our President.
To the Club Women of Ohio: I am very happy to say that after an interruption of a few weeks, due to illness, I am now ready to take up again the work of the Federation and give it my full attention.

Let me thank you all for your patience and indulgence during these weeks, and for your kindly greetings which have been a source of cheer and strength.

Here is a hand-clasp over the miles for each and every one of you, and a greeting full of love and trust and comradeship.

In a very short time every club president will receive from me a letter concerning your common interests, and may I hope that you will give it your careful consideration.

It is a source of great satisfaction to me that the work of the various departments has been so faithfully prepared, and that due publicity has been given to the work of the Federation by the zeal and unflinching attention of the publicity chairman.

It gives me the greatest pleasure to announce to the club women of Ohio that the object for which I have striven most earnestly and which has been nearest to my heart, has been accomplished. There is now a City Federation in Springfield. In assuming my duties again, my first strength and effort were given to the organization which was effected on Saturday, March 27.

As we look into the past of the Ohio Federation, and realize that our work has been uniformly progressive, substantial and useful in its results, may we not felicitate ourselves, and face the future with the quiet confidence born of work well done, and a consciousness of the ability to perform wisely and honestly the duties which confront us.

Most faithfully yours,
ANNA B. JOHNSON.

The Fremont City Federation.
Mrs. George Zimmerman, president of the City Federation of Fremont, reports that this organization stands ever ready to lend assistance to any worthy philanthropic movement. In accordance with this principle they recently held a sale of the handwork of the blind women of Ohio, realizing \$60.00. It is hoped to make this an annual event and so increase the patronage.

The committee on Public Health has found ways and means of supporting a Public Health Nurse, using the funds from the sale of Red Cross stamps for her support. They have followed the suggestion of Miss Julia Lathrop to investigate birth registration in Fremont. Furthermore they

United Fraternal Memorial.

The regular meeting of the United Fraternal Memorial Association will be held on Sunday afternoon, April 4, at 2:00 p. m. in the M. W. of A. hall and all representatives are requested to be present. At this meeting definite plans will be formed for the memorial services this year and every representative should be present. The committees appointed to see the other fraternal societies of the city that are not members of the Fraternal association will make their report and business of importance will be discussed. To date there are seven fraternal societies in the association as follows: Improved Order of Red Men, Homo Guards of America, American Insurance Union, Ben Hur, Knights and Ladies of Security, Knights of the Macabees and the Modern Woodmen of America. At the last regular meeting all Lady Societies that are auxiliaries to the societies composing the Fraternal association were made honorary members of the association. The committee was appointed to secure the date of holding the United Fraternal Memorial services and the committee has secured the second Sunday in June which is June 15. These meetings are open to any member who cares to come and the representatives would be pleased to see a good turnout at the meetings. The next regular meeting is Sunday afternoon, April 4, at the M. W. of A. hall at 2:00 p. m.

K. of P., Newark Lodge.

At the regular meeting of Newark Lodge No. 13 Knights of Pythias on Thursday night two applications were voted upon and accepted. For the first time this year no candidates were in waiting, much to the disappointment of the large number of members present. The evening was taken up with the transaction of much important business and the discussion of several questions beneficial to the order. The church committee reported that No. 13 together with our sister lodge, the uniform rank and the Pythian Sisters, would attend divine services at the Fifth Street Baptist church on the evening of Tuesday April 23. Rev. Stull has prepared something and it is his earnest desire that a large crowd be present. Please bear this in mind brothers and do not forget the date. On next Thursday night there will be work in the page rank.

Roland Lodge.

A fine attendance of the brethren was noted at the weekly meeting of Roland Lodge, No. 305, last Tuesday evening. In addition to the usual routine of business an impressive page rank was conferred upon an excellent class of five candidates. This same class will receive the esquire degree next Tuesday evening, and the officers hope the attendance will be as encouraging. It certainly is an inspiration to the "regulars" to see such interest taken. The sick list has been very small recently, only one or two of the local brothers being unable to follow their usual vocation. Brother Crain, who is now in St. Louis, has been sick for a couple of weeks, while the serious condition of Brother Ross Mahon of Salt Lake City, Utah, was noted. The latter passed away on Thursday afternoon and it is not known definitely whether the remains will be brought here for interment. Brother Mahon had been living in Utah for 10 or 12 years and was unknown to the younger generation of Knights in Newark, but was highly regarded by all of the "old guard."

Encampment No. 31, U. V. L.

Remember, April 11, at 2:00 p. m., is the time we celebrate Appomattox Day and we cordially invite all patriotic orders to join with us and by your presence and good cheer make this day fittingly celebrated, at the greatest day in the history of the United States of America. Come and join us in singing the songs that never grow old. Same old songs we used to sing 1861 to 1865. Good speaking, good singing and music galore.

Home Guards of America.

Newark Home No. 39 met in regular session Wednesday evening, March 31. The regular business was transacted. The sick were reported better. One sick member was allowed. The G. A. are going to give a minstrel entertainment in two weeks at the Red Men's hall. Everybody invited to attend. Our next meeting will be Wednesday evening, April 7. Members come out and help to support the new officers you helped to elect, and help the few and faithful workers in our meetings.

Modern Woodmen.

Cedar Camp No. 4727 M. W. of A. met in regular session on Wednesday night and with a fair attendance of the members. This being the last meeting of the month there was not much business. Three applications for membership were presented, one being by transfer card, which was elected to membership. It was decided to adopt another class in April and the date has been set for April 14, and it is the desire of the officers that the members get busy and secure a candidate for this class. Some benefit certificates have already been received from the head clerk's office and no doubt several candidates will be ready to be adopted by April 14 to fill out this class. The Forester team will give another of their popular dances on Monday night April 15 and the invitations are already out for this dance which can be had from any member of the team or at the clerk's office. There is no admission fee charges for these dances, but every person must present an invitation to the door to be admitted. New neighbors get busy for this next class on April 14 and if you have a prospect that you can't land, call up the clerk's office and he will see that a deputy helps you out and if the application is secured you will get the credit of securing him and also \$2.50 in cash for your trouble.

Royal Arcanum.

Bayard Taylor Council No. 221 R. of A. met in regular convention with a good attendance. The usual order of business was transacted. The death proof and affidavits of our late Bro. Henry C. Johnson being in regular, were approved and will be forwarded to supreme officials for further consideration. Bro. Hempsted who was on the sick list is reported as improv-

ing. Bro. Ankly on West Locust street is reported as being sick. There were interesting talks on good of the council. There was quite a debate on as to how to raise a submarine from a depth of three hundred feet in the ocean. Further what effect would the weight of water have on a craft of this description at the above depth. The drill team was organized by Bro. Warlick and did some nice work for a start. Just keep your eyes on the R. A. drill team as they will be up and going some in the near future. Royal Arcanum on the 9th of April there will be an identification social right after the council at which we will expect every member to be present without fail. Don't forget that at some time when you least expect it you will have to be identified by some members of the council when you least expect it. There will be something on for the inner person. Brothers come one and all. Visitors are cordially invited. Friday evening, April the ninth at Woodman hall, south side square. There will be music and a good time is promised to all who attend.

Macabees.

Octagon Tent No. 132 Macabees will meet in regular session on Thursday evening April 5. There is a very important matter to be decided on that evening. Members having any interest at all in the order, their protection for their families or themselves ought to be present. There will be degree work if the approval of the applications are received in time.

I. O. O. F., Olive Branch Lodge.

Olive Branch Lodge No. 34 met in regular session last Tuesday evening with a fair attendance and a very interesting meeting was had and only the routine of business was transacted. On next Tuesday evening April 6 the initiatory degree will be conferred on several candidates. All members of the degree staff take notice and be present. Visiting brothers welcome to meet with us.

Canton Olive.

All chevaliers are requested to be present at our meeting Friday evening April 9. This is something special and every member should be present. Come in fatigue uniform, prepared for drill. After close of meeting, refreshments and a good all around sociable evening will be enjoyed.

Newark Lodge.

The members of Newark Lodge No. 623 convened in their lodge room Monday night with about 75 brothers present. The regular routine of business was disposed of and some important business that was held over was transacted. There being found one candidate in waiting for second degree, the mysteries of said degree were conferred. The candidate having asked that he receive all that was coming to him was not disappointed for the said degree was on its mettle and the work was disposed of in a very agreeable manner. Many excellent talks were made by visiting brothers and also by our own members. All seemed well pleased. All brothers are invited to be on hand each Monday night so as to enjoy the good things that come along.

Theatres

At the Gem Monday.

The very essence of Jack London's charm and fascination have been transferred from the book to his remarkable motion picture, "The Sea Wolf." The scenes of the pictures are laid almost entirely on shipboard, the exception being the island on which the fleeing couple are marooned until they are miraculously rescued by the ship Ghost. The first picture is a reproduction of the collision which occurred in San Francisco Bay some ten years ago between the ferryboats Martinez and Sansalito.

The story is admirably staged. The acting could hardly be excelled. Larsen, the Sea Wolf, is played by Robert Bosworth. Larsen is a psychological enigma. The rough captain of a pirate sealer, he is heartless, cruel, even brutal at times. On the other hand, he is naturally refined, very intellectual and possesses an in-born desire for knowledge. He loves the beautiful, longs for the normal environments and happiness. Denied these, he accepts life as a stoic, and lives to the end with unconquered spirit. Even lying blind and stricken, knowing his last days have come, he remains undaunted.

"When I wrote the 'Sea Wolf,' the physical image of Larsen that took shape in my mind was more or less vague in outline and detail. Nevertheless, it was there in my mind, and I carried it with me for years, until it was almost real to me. But it fled like a ghost at daybreak when I saw on the screen, Mr. Robert Bosworth, the real, three-dimensional flesh-and-blood Sea Wolf. Until I die the image of the Sea Wolf will be Mr. Bosworth as I saw him on the screen."

A LIBERAL OFFER BY THE LICKING CREAMERY COMPANY

To the Users of Milk and Cream From its Retail Wagon.

The Licking Creamery Company announces that until further notice, it will make a regular monthly award of (2) two-\$1.00 sheets of milk tickets upon each of its retail milk wagon routes to private consumers of milk and cream throughout the city.

These awards will be made on the 15th day of each month.

A duplicate receipt stub from every sheet of tickets sold during the preceding month will be placed in a box from which the stubs to receive awards will be drawn by a disinterested party, each route will be handled separately.

THERE IS BUT ONE CONDITION QUALIFYING THESE AWARDS.
All competitors must have their accounts with The Licking Creamery Company paid in full for the month preceding the one in which any given drawing occurs.

In other words, should a duplicate of one of your ticket receipt stubs be drawn the 15th of next month, it would not receive an award unless your account was paid in full for the month previous.

This is absolutely the only requirement made, thereby characterizing this proposition as being extremely clean out and liberal.

We hope it will please the public. Watch for the drawing. Your name may be among the fortunate ones to be announced in the papers on the 16th, following each drawing.

Never Buy a Piano.
Without service goes with it. If
you bought a piano from Tom Leah,
you were given service after the
sale, as well as before. Over two
hundred customers can attest to this,
irrespective of any statements made
by unfair competition. Don't for-
get, the TONE is in the piano I sell
you, not in the reputation of my sell-
ing standard made pianos for the
past THIRTY YEARS. If you don't
buy a piano of me, do buy a piano in
NEWARK, it can be better than the
best of town makes, and usually it is bet-
ter, from the cheap 2-tissue-papered,
veneered pianos I have run across

At the Mazda.
The Mazda will show a special
reel which will be of great interest
on Tuesday afternoon and evening.
It is Robert Hilliard's greatest suc-
cess "A Fool There Was," by Porter
Emerson Browne, a picturization of
the Kipling poem, and the great
Burnes-Jones painting, "The Vam-
pire" with Theda Bara and Edward
Jose, supported with all star cast.
The gowns that Miss Bara wears in
this role in themselves, cost a small
fortune. Edward Jose is known to
theatre goers all over the world, be-
ing Sarah Bernhardt's leading man.

Purchased New Car.
Deputy County Clerk Ed. A. Laro-
son has purchased a new six cylinder
45 Apperson automobile. Mr. Laro-
son, who is an enthusiastic autoist,
states that he can now "walk around
'em all and also climb any hill on
high speed."

Error in Statement.
Through an error the morning
meeting at the First M. E. church
read "sunshine" meeting, when it
should have been "sunrise" meet-
ing.

Condition Improved.
Mrs. Fenneken of Buena Vista
street, who recently underwent a se-
rious operation for goiter at Mt.
Carmel hospital in Columbus, is re-
covering sufficiently to be brought
to her home the first of the week.

To See Maude Adams.
Mrs. W. C. Miller and daughters,
Mrs. W. H. Mazey and daughter,
Thelma, and Mrs. Nora T. Baker and
daughter Adella, are among those
who went to Columbus today to see
Maude Adams in "Quality Street," at
the Hartman theater.

Back on Duty.
Joseph Moser is again back on
duty with the Ohio Electric as spe-
cial officer, after being laid up for
several months at his home in West
Newark. Mr. Moser states that in
all probability the Buckeye Lake sea-
son will open the latter part of next
month.

Buys Fine Cattle.
C. E. Boggs, proprietor of the Ar-
cade Market, purchased from Chas.
Harshorn a number of short horn
cattle, two years old, that averaged
1200 pounds each. These are ex-
ceptionally fine stock and attracted
unusual attention.

Visiting Nurse Chapter.
The annual meeting of the Visiting
Nurse Chapter of The King's Daughters
will be held in their
rooms on Monday evening at 7:30
o'clock. All are urgently requested
to be present.

Cleaning Up Park.
The care taker of the courthouse
park has been busy for several
days in cleaning up the yard getting
it in shape to sow grass seed in the
spots made bare during the past
winter. He has also gathered up all
twigs, paper, etc., and is now busy
sharpening up the lawn mowers.

A Busy Place.
An extra force of clerks working
overtime was required at the post-
office for the past couple of days to
take care of the heavy Easter mail.
Thousands of post cards have
been sent and received at the Newark
office and it has entailed much extra
work.

Industrial Award.
The State Industrial Commission
today granted an award to John F.
Harris, of 162 Twelfth street, New-

ark, of \$551.50 for an injury recent-
ly sustained by him while in the em-
ploy of the Ohio State Sanatorium,
at Mt. Vernon. The award of the
commissions was granted under the
provisions of the Ohio Workmen's
Compensation law.

To Distribute Birds.
Forty pairs of Hungarian par-
tridges arrived in the city by express
this morning, consigned by Wm. J.
Mackensen, state naturalist of Penn-
sylvania, to the Licking County Fish
and Game Protective Association.

The partridges were housed in excel-
lent shape, a pair in each compart-
ment, with cloth covered top, so
that the birds could not injure them-
selves. They were distributed this
afternoon, members of the associa-
tion placing them on farms in var-
ious parts of the county. It is un-
derstood that large rewards will be
paid to any one furnishing informa-
tion to any one molesting these
birds, the penalty of which carries
with it a long prison term.

NEW MOTOR TRUCK
FOR DELIVERY OF
GROCERY ORDERS

J. P. Murphy, West Main street
grocer, put into service Saturday
morning a new automobile delivery
truck with a view of increasing his
facilities for handling grocery or-
ders. The truck is a rebuilt Over-
land, dark green in color, and with
a capacity equal to the larger deliv-
ery wagons. It is equipped with a
top over the driver's seat and is a
handsome car.

COLD WAVE

Seabright, N. J., was again battered.

FAIR AND WARMER
WEATHER IS THE
LOCAL PREDICTION.

If the weather man has made a
good guess, Newark women—and
men, may sally forth in their Easter
finery tomorrow without fear of ex-
posing themselves to pneumonia or
grip. He promises fair and warmer
weather.

Saturday's weather was not en-
couraging. The sky was clouded and
a cold wind blew out of the north-
east.

It picked up quantities of dirt
from the uncleaned streets, and had
any one been trying out their Easter
duds, the aid of a dry cleaner would
have been necessary to put the togs
into shape again for Sunday morn-
ing's parade.

GERMANS REPORT
FRENCH REPULSE,
ALSO A BELGIAN

(ASSOCIATED PRESS TELEGRAM)
Berlin, April 3.—By wireless to
Sayville, N. Y.—German army head-
quarters today gave out a report on
the progress of hostilities reading:
"The Belgian attempt yesterday
to win back Klosterhoek Farm, which
the Germans occupied March 31, re-
sulted in failure."
"A French attack on the heights
south of Nieder Asbach, west of
Muehlhausen, was repulsed."
"Nothing of importance has oc-
curred on the eastern front."

FRENCH REPORT
FIRING UPON A
GERMAN AIRSHIP

(ASSOCIATED PRESS TELEGRAM)
Paris, April 3.—By wireless to
London.—The war office made the
following announcement this after-
noon:
"In the regions of the Somme, La
Boisselle and Dompierre mining
warfare continued, with noticeable
advantages for the French. The total
number of prisoners taken at the
forest of Le Pretre, northwest of
Pont A. Mousson, March 30, to April
1 is more than 200, including six of-
ficers."
"A German aeroplane was brought
down yesterday after dropping
bombs on Reims. When fired on, it
immediately came to earth. The
two aviators who were unhurt, were
taken prisoners."

ATTORNEY GENERAL
WILL INVESTIGATE
AT STEUBENVILLE

(ASSOCIATED PRESS TELEGRAM)
Columbus, April 3.—The attorney
general's department today decided
definitely to join with Prosecutor W.
C. Brown of Jefferson county, in in-
vestigating conditions in Steubenville,
the administration of which, was ac-
cused of many irregularities in a re-
cent report of the state bureau of ac-
counting.

On request of Prosecutor Brown,
Attorney General Turner today desig-
nated his assistant, Henry Ballard, to
go to Steubenville late next week, to
aid in a thorough investigation. The
move is sanctioned by Governor Wil-
lis. It was announced at the executive
offices.

Meeting of Assessors.
Tax Assessor Wm. H. Anderson is
the closing act of his administration
called the county assessors together
today for their final instructions be-
fore beginning their duties next Mon-
day. Mr. Anderson explained fully
the various duties and functions of
their office and then distributed
their supplies.

FRIENDLY

SENTIMENTS OF RUSSIAN GOV-
ERNMENT TOWARD ITALY IN
HER ASPIRATION

For a Complete National Unity are
Expressed in an Authorized
Interview.

(ASSOCIATED PRESS TELEGRAM)
Rome, April 2.—Via Paris, April
3.—The Petrograd Telegraph Agen-
cy, a semi-official organization, has
authorized its correspondent here to
issue the following statement:

"Both the Russian government
and public opinion feel the most
friendly sentiments toward Italy, fully
approving her aspirations for com-
plete national unity, as the largest
realization of the principle of nation-
ality always has been the fundamen-
tal aim of the Russian foreign policy."

"Besides recognizing the import-
ance of the economic and strategic
interests of Italy in the Adriatic,
Russia is willing to admit that cer-
tain Italian territorial aspirations
are legitimate even if not based up-
on the principle of nationality. Rus-
sia sincerely wishes that Italy
should not urge excessive claims and
not create a situation which later
might cause a new international con-
flict. The imperialistic attitude to-
wards the Adriatic attributed to Rus-
sia is absurd and sports regarding
it evidently are due to German instiga-
tion."

Commenting on this announce-
ment, the Giornale D'Italia says:
"Nobody in Italy denies the right
of Serbia or any other Slav state
rising from the ruins of Austria to a
large outlet on the Adriatic but no-
body in Italy can ever permit the
advantages now enjoyed by Austria
in strategic position and maritime
trade to pass into other hands ex-
cept ours."

In regard to possible expansion
by Italy in territory where the ma-
jority of the population may not be
Italian, this newspaper says:
"There are political and military
reasons which overshadow any ques-
tion of nationality, similar to those
on account of which England keeps
Spanish Gibraltar, Italy, Malta,
Greek Cyprus, and Egyptian Suez or
which cause Russia to desire to in-
stall herself at Constantinople."

Obituary

James Kalomeres.
James Kalomeres, 20 years old, a
native of Greece, died Friday night
about 8:30 o'clock at the City hos-
pital following an illness of liver
trouble and pulmonary tuberculosis.
He has been in the hospital several
weeks though his condition was
hopeless from the time he was re-
ceived there.

He was born near Sparta, Greece,
and came to this country about four
years ago. This change of climate
did not agree with him and he soon
became ill.

A brother and cousin live at Cin-
cinnati where the body will be sent
by T. A. Bazler Saturday afternoon.

Samuel Varner.
Samuel Varner, 65 years old, of near
Toboso, died at 10:20 p. m., Friday, at
his home, from the effects of a second
paralytic stroke which he suffered
more than a year ago. Mr. Varner is
survived by one son, Ira D., and one
brother, Lloyd, and one sister, Melis-
sa. Mr. Varner has been a widower
for the past two years. The funeral
will be held at 1:30 Sunday afternoon
from the Toboso church, and inter-
ment will be made in Hanover ceme-
tery.

Mrs. Ann Reed.
Mrs. Ann Reed, 87 years old, died
at 6 p. m. Friday at the home of her
daughter, Mrs. Sarah Fitzwater, 518
Maple avenue. Death was due to old
age. Mrs. Reed is survived by
four daughters, and two sons, George,
of Jacksonville, and William, of
Fallsburg. Mrs. Reed has been
a member of the First M. E.
church for the past 57 years, and a
life resident of Licking county. Fi-
nal arrangements have not been
announced.

Card of Thanks.
We wish to extend to all our re-
latives, friends and neighbors, our sin-
cere thanks for the kindness and
sympathy shown us during the sick-
ness and death of our brother and
uncle, Milton Rian. We wish to
thank Rev. Allen for his consoling
words, also the singers and Mr.
Crisp for the manner in which he
conducted the funeral and for the
beautiful floral offerings. R. B.
Rian, Mr. and Mrs. A. M. Claggett.

BELGIANS REFUSE
TO CONSTRUCT ANY
STRATEGIC WORKS

(ASSOCIATED PRESS TELEGRAM)
Paris, April 3.—Information has
been received here to the effect that
officials of the Belgian public works
department who agreed to continue
their duties with the understanding
that they would not be asked to aid
in the construction of military works
resigned in a body when ordered by
the German military administration
to direct the repair and construction
of roads designed for strategic pur-
poses.

The valuable archaeological and
historical collection belonging to M.
Huybriets of Tongres, Belgium, is re-
ported to have been ruined when his
house was destroyed. The collection
was valued by German experts before
the beginning of the war at more than
250,000 marks (\$75,000).

Japan's efforts to encourage the
cultivation of cotton in Formosa so
far have ended in failure.

BUSINESS HAS
RECOVERED FROM
EUROPEAN WAR

New York, April 3.—Henry Clews
& Company said today:

"All signs indicate that we have
entered a period of permanent re-
covery from the war. The first ef-
fects of that cataclysm were panic,
followed by paralysis, then a period
of vacillation between fear and con-
fidence. Through all of these phases,
the process of financial and com-
mercial readjustment has been pro-
gressing with remarkable steadiness,
until fear has now almost totally dis-
appeared and buoyancy is taking its
place. Trade and finance, at least so
far as concerns the United States,
have been completely adjusted to
war conditions; and the tendency
now is to discount in advance the
coming of peace. Confidence has
been further strengthened by pro-
gress of the war itself. While it
would be unwise to indulge in pre-
mature optimism, the hope of an
early end is based upon the belief
that preparedness on one side and
exhaustion on the other can only
bring one result. The general opin-
ion is that peace will come during
the autumn. Be that as it may,
there is a universal presentiment in
favor of early peace that must have
some foundation greater than the
mere wish. War is the very essence
of uncertainty, however, and set-
backs must be expected, although the
outlook is clearer than at any time
since the struggle began."

NO WORD FROM
INJURED WOMAN
AT DETROIT MICH.

Friends of Mrs. H. A. Albyn of
Black Hand, whose mother Mrs.
Frank Deihart, was shot and seri-
ously injured by her divorced hus-
band at Detroit last week, have re-
ceived no word from her regarding
her mother's condition. Mrs. Al-
byn left Wednesday night for De-
troit, accompanied by her husband,
after receiving word of the tragedy.
Deihart, incensed because his wife
secured a divorce a few weeks ago,
returned home unexpectedly and
shot his wife three times and two of
his daughters. The children were
not badly hurt but first reports
stated that Mrs. Deihart's condition
was serious.

MISS MARY GARRETT,
RICHEST WOMAN IN
MARYLAND IS DEAD.

(ASSOCIATED PRESS TELEGRAM)
Baltimore, Md., April 3.—Miss
Mary Garrett, only daughter of the
late John W. Garrett, died suddenly
last night, at the Deaneys, Bryn
Mawr college, Pennsylvania, where
she had been living for several
years.

Miss Garrett was one of the best
known women philanthropists in
this country.

She was considered the richest
woman in Maryland, the fortune hav-
ing been estimated as ranging be-
tween \$15,000,000 and \$20,000,000.

INCIDENT SHOWS
WIDE ACTIVITY
OF SUBMARINES

(ASSOCIATED PRESS TELEGRAM)
London, April 3.—It was learned
here today that the British steamer
Eston, until recently known as the
Southpoint, was sunk off Lundy Isl-
and, on the Devonshire coast on Mar.
28, and not off Cape Finisterre, in
Spain, as was erroneously reported
in a dispatch received here from
Lisbon, where the surviving members
of the crew were landed.

The report that this ship had been
sunk off the Spanish coast indicat-
ed a very wide range for the Ger-
man submarines. There has been
nothing to show as yet that they are
operating further afield than the
waters of the British Isles.

ANOTHER PLEADED GUILTY.
(ASSOCIATED PRESS TELEGRAM)
Indianapolis, Ind., April 3.—Fred
Morrison, one of the 28 defendants in
the trial of the Terre Haute election
fraud case in the federal court, cre-
ated a surprise today when he asked
to be permitted to plead guilty.

Judge Anderson ordered the change
and instructed Morrison to return to
his wife and children in Terre Haute
and that he would be sent for when
wanted.

WILSON GOLFED IN SNOW.
(ASSOCIATED PRESS TELEGRAM)
Washington, April 3.—President
Wilson played golf today in the snow
storm. The president went 14 holes
with a guest and then was forced to
stop because of the snowfall becom-
ing so heavy.

(ASSOCIATED PRESS TELEGRAM)
New York, April 3.—David S.
Crater, aged 60, secretary of state
of New Jersey, dropped dead this
afternoon in front of 173 Broadway,
this city. Heart failure was the
cause of death.

LET SENTANEL LAXATIVES
DO YOUR SPRING CLEANING

Wonderful Little Performers, 10c

Like your house, your system
needs a little special attention in
the spring. Winter has left your
bowels clogged, your liver lazy,
your blood impure; you need a
good inside housecleaning.

Sentanel Laxatives will do the
trick. And do it without pain
or griping. They work more
effectively than the ordinary
cathartic, for they not only clean
out the nasty, noxious poisons
and put your liver back on the

job, but they tune up the whole
system so that you feel simply
great!
There's not a bit of mercury
(calomel) in Sentanel Laxatives.
They are made entirely from old-
fashioned, time-tried herbs and
plants that are used by physicians
daily. Have your druggist send
you a box, 10 doses 10c. Get
them busy tonight. Your money
back if they don't quickly make
good. The Sentanel Remedies Co.,

Cookey Jones Thinks Willard Has No Chance of Winning

(By Cookey Jones.)
Havana, Cuba, March 31.—Jack Johnson will win unless some accident gives the decision to Willard. For the benefit of the sports of Newark and Buckeye Lake, I will say I have been in Havana three days and have seen Johnson and Willard work a number of times. Now, old sports, do not put up too much cash on Willard for in my opinion he has as much a show to win as my grand

son has of licking his Grand Dad. This notice will not cost you any thing but that is my judgment and also the judgment of Mrs. O. C. Jones as we both have seen them work.
Willard is a big man and very strong but the champion is as fast as a cat and tough as a pine knot. I had the date of the fight changed from Sunday to Monday for the benefit of us Presbyterians.

CLAIRVOYANT TELLS HOW STOLEN GOODS WOULD BE RETURNED

A week ago, Dr. G. W. Sapp lost his surgeon's emergency case, containing instruments etc., and a robe which were stolen from his automobile while making a professional call in Stansbury Street.

A few days later he was called in a professional capacity to the home of a clairvoyant. While there he was told not to worry about the theft of the property. "The instrument case and the robe will be found by boys along the creek bank," the woman told him.

This morning Dr. Sapp was called on the telephone by a woman living near Jackson and Valley street with the information that three boys had found his robe and case and the property was at her house ready for him.

When Dr. Sapp took charge of the property, everything was intact except a few instruments from the bag. The boys had found it secreted under some bushes along the creek bank near the north end of city dump.

Dr. Sapp declares that he had never taken any stock in fortune telling but he is free to admit that he is curious to know how the clairvoyant knew where and how the property would be recovered.

ST. JOE ROAD

Mrs. Ivan Rhodes, who has been sick for some time, is somewhat improved.

ALL CABLES TO BE CENSORED BY GREAT BRITAIN

SECRETARY BRYAN RECEIVES
FORMAL ANNOUNCEMENT
OF NEW POLICY.

Will Permit No Messages Relating to
Trade in Contraband or Non-
Contraband.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 3.—Secretary Bryan had before him today Great Britain's formal announcement of the new cable censorship policy. A memorandum on the subject had been transmitted to the state department through Ambassador Page at London. In it, Great Britain serves notice of its intention to stop all messages sent over cables under British control relating to trade in contraband and non-contraband to which a resident in an enemy country is one of the parties.

Officials here construe the action to mean that in accordance with the allies' blockade program, Great Britain will not permit the sending of messages from the United States to Italy or any other neutral country if they refer in any way to a transaction in which a resident of Germany, Austria or Turkey is interested.

Granville

(Special to the Advocate.)
Granville, O., April 3.—There will be special Easter services at all of the churches Sunday. At the Presbyterian church the theme for the morning sermon at 10 o'clock is "Consider the Lilies." Flowers and music will be in harmony with the day. Mrs. Rohrer, soprano, and Miss Josephine Darrow, violinist, will furnish part of the musical program. The Christian Endeavor society at 6 o'clock and evening service at 8 o'clock, with a sermon on the text, "If a man die, shall he live again?" Sermons for both services will be delivered by the pastor, Rev. E. D. Barnes.

Revival meetings continue at the Methodist church. An Easter praise service will be held at 6 a. m. to which all will be welcome. A team from the Columbus Tabernacle Workers' league, consisting of Messrs. Holycross, Starr and Cook, will speak at the 10 o'clock service. Mr. Holycross will speak in the Sunday school. Elmer Starr, the German evangelist, will tell his life story at 2:30 p. m. Mr. Cook, for many years with the Columbus Dispatch, will speak at night. The public is invited to hear these men, two of whom were converted in the Sunday meetings two years ago.

There will be morning service at St. Luke's Episcopal church, Sunday at 10 o'clock. Dr. Leighton of Ohio University will conduct the services.

Rev. Willard Brelsford, pastor of the Baptist church, will conduct the special Easter services in that house, tomorrow. At 10 o'clock he will give a special talk to children and preach on the subject: "The Two Doors." Parents are invited to bring their children under seven years of age and leave them in the kindergarten class which meets at that hour of the church service. At 11:45 a. m. the Sunday school, with special Easter services in the intermediate department. Prof. Theodore Johnson, superintendent. The Adult school will meet in regular classes. Dr. Colwell will speak to the men's class. The sermon for the evening service by the pastor will have as its theme, "In the Newness of Life." In the absence of Prof. Eschman director of the choir and organist, Miss Howland will lead the choir, and Mrs. Darrow will preside at the organ, with a special Easter program for each service. The public is cordially invited.

The Baptist Women's Organization held an interesting meeting yesterday afternoon in the social rooms of the church at which the president, Mrs. Robert Biggs, presided. Miss Jennie Roe read the secretary's report; Mrs. M. M. Murray gave the month's report for the Foreign and Mrs. J. D. Grissinger for the Home department. The topic, "The Child in Our Midst," was in charge of Miss Gwendolyn Watkins, who spoke of "The Child at Play," and called upon Miss Mabel Jones, whose childhood years were spent in Japan, to illustrate the topic from personal experience. There is a child labor in Japan, among the little ones, but they enjoy the utmost freedom until eight or nine years of age, when boys and girls are separated in their play. Mrs. Helen Hunt and Mrs. C. J. Rose conducted the devotional service. Miss Carrie Howland, in charge of the music, gave a pleasing Easter program. Mrs. Rohrer, accompanied by Mrs. Darrow at the piano and by Miss Josephine Darrow on the violin, gave a beautiful Easter selection, and Miss Howland sang "I Know My Redeemer Liveth." On account of the general church dinner on Thursday evening, no refreshments were served.

The annual meeting of the Granville Public Library Association will be held next Monday evening, April 5 in the Opera House at 7 o'clock. The president and treasurer of the association will render complete reports, and the election of officers will take place. Mr. J. H. Newman, State Librarian, will deliver an address, followed by a general discussion. The Mandolin and Guitar club of the Public school will render musical selections. The nominating committee consists of Dr. J. S. Rohrer, Dr. E. P. Cook, and Mr. W. P. Thuman. All citizens of the community are urged to be present.

DEVOTION TO DUTY CAUSED DEATH OF A RAILROAD MAN

Devotion to duty was the primary cause of the death of Supt. Ross Mahon, of the Denver and Rio Grande railroad with headquarters at Salt Lake City, Utah. Mr. Mahon died in a Salt Lake City hospital Thursday afternoon at 3:30 o'clock after an illness of several weeks of blood poisoning. The infection developed in abscesses in his foot, after he had been on duty three days and nights without rest, when he superintended the work of a gang of men called to a point on his railroad where traffic was blocked by a huge snowslide.

Shortly after his return the abscesses developed and blood poisoning set in. His foot was amputated a week ago Friday and his exhausted condition following the illness and his strenuous experience while on duty made his body easy prey for double pneumonia which developed soon after the operation, causing his death.

He leaves a widow, formerly Miss Margaret Swan, a Newark young woman, and one son. Three brothers and a sister also survive.

Mr. Mahon was a native of Little Rock, Ark., where he first entered the railroad business at the age of fourteen years. His rise in his profession was rapid and his selection as superintendent of the Rio Grande was a recognition of his ability as a railroad man. He has held the position of superintendent of the Rio Grande for 14 years.

He was prominent in the Masonic circles at Salt Lake and a few years ago was made a 32nd degree Mason. He was a member of Roiland Lodge, K. of P. in Newark.

Funeral services will be held at Salt Lake City Sunday morning and the funeral party will leave at noon Sunday for Newark. The party will arrive here Tuesday at 9:45 o'clock, making the 2100 mile trip in 61 hours.

Until the arrival of the relatives in charge of the body, no arrangements can be made for funeral or burial here but the body will be taken in charge by L. N. Bradley. Announcement of the funeral and burial will be made Wednesday.

"He said I affected him like old wine," giggled Miss Antique. "I suppose he meant to infer that I improve with age," suggested Miss Causitque.

U. S. RECALLS OFFICERS FROM GERMAN FRONT

(ASSOCIATED PRESS TELEGRAM)

Berlin Via London, April 3.—Five American army officers who have been attached to the German military forces in the capacity of observers, were ordered by cable today to return to the United States at once. The order came as a surprise, as they expected to remain in Europe until the end of the war.

Lieutenant Colonel Joseph E. Kuhn, of the Engineers, who also has been acting as an observer, was not included in the order, as he has been designated as military attaché at the embassy at Berlin to succeed Major General George T. Langhorne, recalled.

The United States officers since their arrival in Germany on December 20, have spent two weeks on the western front and one week in the East.

GARRISON SAYS THE MISSION OF OFFICERS HAS BEEN COMPLETED.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 3.—Secretary Garrison said today he had ordered the return of the United States army officers observing the military operations of the German army because their mission was completed. He said that no other officers would be detailed with the German army.

Mr. Garrison declared emphatically that the relief of the five officers on duty with the German army was in no manner connected with the recent relief of Major T. Langhorne as military attaché at Berlin. Major Langhorne was ordered to return to the United States after it was learned that messages bearing his signature had been sent to the army war college here without his knowledge.

Mr. Garrison and army officers here without exception maintained a strict silence as to Major Langhorne's withdrawal except to say that it was entirely upon the initiative of the war department.

No orders have been issued recalling American army officers acting as observers with other belligerent armies in Europe.

Y W C A NOTES

Early Easter morning the Y. W. C. A. girls will awaken some of the "shut-ins" of the city with beautiful Easter songs. The industrial clubs will sing in their respective neighborhoods. The Four L's in East Newark, Jolly Workers and O. B. A. in North End and Starlings in West End, and the other association girls will stay in the central part of the city. Any of these groups will welcome others who wish to join in this beautiful service. The greatest joy will be yours. It is an experience long to be remembered. The girls in central sections will meet at Y. W. C. A. building at 5 a. m.

Mr. W. E. Hopkins of Granville, spoke to Federation Council of Industrial clubs at Y. W. C. A. Tuesday evening on work of Associated charities. Plans for co-operation in this splendid work were made.

Miss Constance MacCorkle, Field Industrial secretary, was the guest of the Association for several days this week.

Miss Henryetta Logan of Xenia, visiting Katherine Childs, returned to her home Friday noon.

Misses Lona McComas, Minnie Harrison, and Mary Mosscock have been spending the week with their families in Trenton.

The April Association Monthly, published by National Board of Y. W. C. A., contains pictures of Federation presidents and we rejoice to see our loyal president, Miss May Bebout among them.
